Looking at my calendar it's hard to believe that it's almost June. So far, my experience as Commodore has gone rather well. I guess it's easier, since my spouse is a Staff Commodore and the Board and Committee Chairs are all really good.

The club's business is going well. Ken (Vice) will start on the pantry/laundry project soon.

The baby whaler will get a new engine soon, Chris (Rear) is doing a great job as Rear Commodore. Yvonne (Treasurer) is working on moving the club's savings account around to get a better return, and she is looking into implementing a credit card system to streamline how we conduct business. Jeanie (Secretary) is incredible and is also producing a great

Masthead each month. Members are always encouraged to submit articles. Our Directors have been busy acquiring a new dining table and chairs upstairs. Many members have donated funds for this upgrade, and the cost to the club will be minimal. Our summer sailing program will kick off soon as well as burger night on Wednesdays. Yum!

The Ship's Store is looking really good. Pat and Orris Cowgill are always introducing new items, so please stop in and pick up some good-looking MBYC merchandise!

Joe and Jill Farris, along with Tim Volpe, continue to do a great job behind the bar. A big thanks to those who keep the bar in business! All in all, the club is doing very well.

Congratulations to Alyson Crowley, Josselyn Verutti, and the rest of the Cal Poly Sailing Team for doing a great job hosting their annual Alumni and Family Weekend at the club. I had the pleasure of meeting some the parents and visiting with some of the Alumni who have been on the sailing team in the past few years. At the end of the dinner the club held an auction, and in my efforts to run up the bids, I managed to win three items. Oh well. The money is going towards new FJ masts, and I won some cool merchandise.

I would like to thank John Burgener and Kendall Welch for allowing me to help catch fish for our Cuatro de Mayo fish taco event. The food was incredible, and John and Kendall were great hosts. Be sure to sign up to help in the galley on Hamburger Night (it normally starts after Memorial Day). Please remember that we are a volunteer club and each event requires many helping hands.

I would also like to thank the Kurmudgeons for holding off on their impeachment procedure. Heaters and awnings are hard to come by in Morro Bay, but the search continues.

If you are not on the Alias, (it's our club's email distribution list) please let us know. This is the best way to learn of important information about the club and its upcoming events. Also, check out the club calendar on-line or in the Masthead, and get involved with some the great events happening each month.

Let's have a great summer!

Joe Huntsinger

A Slice of the Vice

Fellow Yachties: **Hello Summer!** Our favorite time of year is upon us: vegan-free burger nights, longer days, summer sailing classes, balmy Morro Bay evenings, and Brett's famous "Ukulele Jam Sessions on the Deck" series featuring "Jiminy" Buffet, which kicks off in June.

and

June is also the month we begin our pantry remodel, so please be prepared for a little dust and minor inconveniences around the laundry facility and stairs in June and July. We are going to start replacing the old dock edge with new dock edge this summer and will try to keep disruption there to a minimum as well.

Speaking of docks, I thought I would share this picture of our diligent **Port Captain, Lynn**, out having fun on the Bay on a stand-up paddleboard. She is as stylish as ever!

"All of us have in our veins the exact same percentage of salt in our blood that exists in the ocean, and, therefore, we have salt in our blood, in our sweat, in our tears. We are tied to the ocean. And when we go back to the sea – whether it is to sail or to watch it – we are going back from whence we came."

– John F. Kennedy

Greetings, racers, get ready for another active month of sailing for our fleets. The Ocean Fleet has a full calendar due to the postponement of both the Two Sticker and Jenkins Memorial races. On June 1 the Ocean Fleet will have a man overboard training followed by the fleet BBQ. For times and information, contact Troy Wieck (mbyc.ocean@gmail.com). Also on the calendar for the Ocean Fleet are Spring III and the Lady at the Helm races. This ambitious schedule means 4 of the 5 weekends in June will have ocean racing. The re-scheduled dates for the Two Sticker and Jenkins Memorial were not finalized at press time for this article. The Bay Fleet will start its Summer Series in June with Summer I and II scheduled for June 15 and 29.

The various bay sailing events like Cal Poly practices, Junior Sailing, and the bay races have struggled with only having one reliable launch. The “baby” whaler has had multiple engine problems that, after several services, still does not work reliably. The decision was made to put a new Honda 20 hp motor in the launch. Expect the smaller launch to be ready for duty in early June.

News from Our Director Alaine Steuk

The new furniture has arrived, and it really enhances our library! A big **THANK YOU** to the generous sponsors who helped make this happen for MBYC. As of this writing, the commemorative plaques are ready and are awaiting installation (they may have already been applied by this publication date). Appreciation is extended to Harold & Elena Hartsell, Dave Hensinger (for The Shollenberger Hensinger Family), Joe & Dawn Huntsinger, Pandora Nash-Karner and Gary Karner, Don & Kit Lockwood (for Chris Lockwood), John & Judy Michener, Rich & Alaine Steuk, Chris Swan (for Cynthia Wimer) and Ken & Sandi Twist.

Snack**

32 oz. can black beans drained and rinsed
32 oz. can of corn drained
2 cups of salsa
¼ tsp. cumin
1 Tbsp. lime or lemon juice
4 Tbsp. chopped cilantro (optional)

Mix ingredients together and refrigerate. Serve with tortilla chips, pita rounds or veggie slices.

This healthy snack is perfect for boating trips because it needs no refrigeration until mixed up. If more spice/heat is needed, add ½ tsp. cayenne, hot sauce, finely chopped hot pepper, or chili powder.

No salsa in the galley? Use 2 tomatoes, ¼ green pepper, a spicy pepper to taste, and a ¼ cup of onion chopped finely instead.

If you have enough grub stowed away in the hatch to make a meal, spoon this salsa over fish, chicken, turkey, or pork.

Refrigerate leftovers

Boat pictures have been rehung on the Boat Wall of Fame, with room for your additions. I'll be adding some descriptions here and there and will make a collage of the Leaky Teaky.

"What is that," you ask? Just you wait and see! Contact me at to add your boat picture to the wall. I'll be taking a break from decorating and getting back to the historical account of our member-built clubhouse soon!

Etymology 101 - The Origin of a Nautical Idiom

Question: What is the origin of the phrase **"By and Large,"** meaning all things considered?

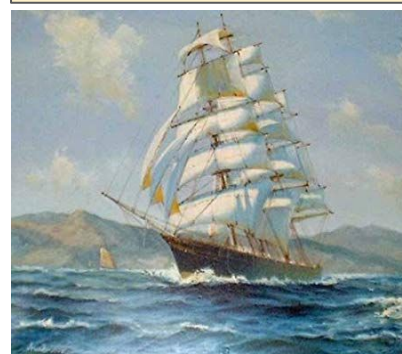

Answer: When the wind blows from a compass point behind a ship's direction of travel (from nearer the stern), for centuries sailors have used the word "Large", the idea being that the ship's forward movement is not restricted. The wind's favorable "large" direction means the largest square sails are set, allowing the ship to travel "freely" in the direction of the skipper's choice with little need to make significant changes to the set sails. Think of other current freedom associations: *a fugitive at large*, *roaming at large*, *the public at large*

The term "By" indicates the ship travels into the wind, a more difficult sailing endeavor where the wind blows forward of the beam. If the ship is accidentally turned too close to the direction of the wind, the sails could be pushed back against the mast, and the ship might stop dead in the water possibly with broken masts. Sails are "aback" when wind blows them against the supporting mast. Were sailors, therefore, surprised or **"taken aback"** when this happened?

For those early mariners, to sail "by and large" meant sailing square-rigged ships both downwind and against the wind. Triangular sails performed in a similar way to the wings of a plane, thus dragging the ship sideways. Use of a good rudder also came into play. Windjammers from the 19th century, like the *Cutty Sark* and *The Star of India*, sailed the oceans "by and large" in good and bad weather using their triangular sails and their most capable crews. -- **More word play next month** -- J. Roberts

The Cutty Sark

Kurmudgeon Korner

In our never ending quest for knowledge, the Kurmudgeons have occasionally uncovered very disturbing information. Our investigations have recently discovered a situation that boggles the mind, **to wit: fully 100% of all unplanned pregnancies in the United States were caused by men.**

As leaders of the free world's morals and protectors of the weaker sex, we took the most obvious path to correct this moral, religious and ethical assault on the fairer persons (Note the political correctness) whom we are pledged to defend. We punted to the Commodore of the Morro Bay Yacht Club.

Would you believe it, he has done nothing, or perhaps he hasn't done nothing? As President of the Kurmudgeon Debating Society, I feel that this is just another reason he needs to be impeached. We, the Kurmudgeons, have thought long and hard on this matter. I asked the Kurmudgeons how we could channel and direct the YC rage about this.

Don (**Our Recording Secretary**) said, "We need to get our wives involved because they are the most susceptible to pregnancy." Roy (**The Member**) said, "Huh?". Michael (**Our Treasurer**) noted that the average age of the Kurmudgeons is around 82 or 83, and our wives might not have a real concern along these lines. Patrick (**Our Chaplain**) said, "*illegitimi non carborundum.*" I say, "Stand by for more breaking impeachment news". Beware Joe Huntsinger.

The Bilge Pump -- by John Burgener

Ahoy Mates! To the M.B.Y.C. gentleman, whose name I don't recall, and who asked me two weeks ago, "What's the word? Well, I finally have it ... **Coddiwomple** (v.) an English slang word meaning "To travel in a purposeful manner towards a vague destination."

This word has many avenues for one to use.

1. Coddiwomple your way through life. Go somewhere or do something with no expectations.
2. For sailors, that means to venture upon the vast oceans of the world in search of adventure and simply to challenge the psyche using the survival techniques. I can relate to their plight.

Then that brings up the following: "What About Joe?"

Joe Huntsinger -Commodore M.B.Y.C.

Where is he **coddiwompling**? What is he doing? Well, the Kurmudgeons got their way when they **coddiwompled** toward his impeachment. They were beautifully decked out for opening day, so they can **coddiwomple** however they please, just so it's legal. However, impeachment proceedings against Joe, Well? Foggy at best.

Coddiwompling on, red skies in morning, sailors warning. Red skies at night, sailors delight, and sheet in and beat hard to weather.. . OUT!

Fun Floating

I would say you are really missing out if you're not participating in the MBYC's Fun Float events. We had two really great adventures this month, and we have more in the future.

The Cinco de Mayo Event

More people participated in this fun float than any other fun float I have attended. I believe the final count was twenty-three all together. Everyone shared lots of Mexican style food, and there were plenty of margaritas to go around. Hats, mustaches, and contents of a well beaten pinata were also shared. Music, singing and even dancing took place. We also had a closest to the hole, golf shot competition with an appropriate prize for the winner. I am guessing most will return to next year's event.

The Santa Margarita Event.

Some camped overnight, the rest arrived the day of the event, and a good time was had by all. This is our unique fun float because we all head to the lake for a different kind of float. All new scenery and a whole new set of wildlife greeted our floating fleet. A great picnic lunch with much camaraderie made the event one that most will not forget.

Coming Up

Bay Side Cafe June 7th

Father's Day June 16th

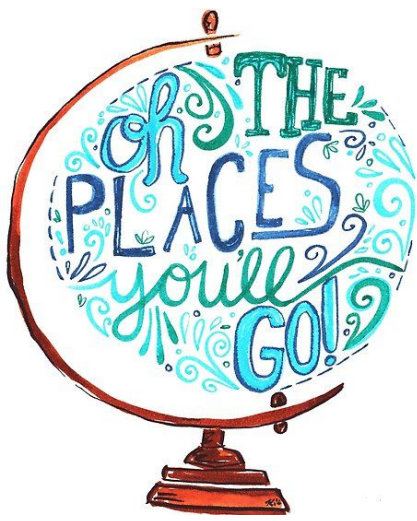

Fun Floaters Continued -

We usually make one float a year down to the Bayside Cafe for lunch; that will be our next float on Friday, June 7th. We will leave the dock at 11:00 AM. It will be an easy float to the cafe because of the tide, but we will work some of the lunch calories off because we will paddle against the tide coming back. Even if you would prefer not to paddle you are welcome to meet us there. We should be arriving around 11:30 for lunch.

Our second fun float for June will take place on Father's Day. As usual, plan on bringing a lunch, and perhaps some kind of Father's Day treat to share with the other floaters. Again, as usual, we will be leaving the dock around 11:00 AM.

Charlene and Terry Paris Exchange Burgees

May the hinges of our friendship never grow rusty. -- An Irish Toast

Just wanted to share a few photos that Terry and I took while over on holiday in Ireland. We left on May 10 and won't return until June 1. We traded burgees with Royal Cork Yacht Club, oldest in the world est 1720, and first photo with Kinsale Yacht Club. Both clubs were very welcoming and happy to display our burgee. Ireland has been grand; we are continuing to travel around the island and will possibly exchange another burgee with Lough Ree, second oldest yacht club 🇮🇪

The Morro Bay Yacht Club is a private, non-profit organization devoted to boating activities, along with the protection and enjoyment of our picturesque bay and coastline. We participate in both competitive and non-competitive boating activities throughout the year. Anyone at least 21 who owns a boat, is planning to buy a boat, or regularly enjoys boating activities in someone else's boat is invited to apply for membership.

Editor's Note: Submissions and corrections to the Masthead are due by the 25th of each month. Please e-mail your written material or digital photos to **Jeanie Roberts**. All pictures are welcome! Thanks for all the contributions for this month.
