

MORRO BAY YACHT CLUB

November 2022

Morro Bay, California

Commodore Troy Wieck

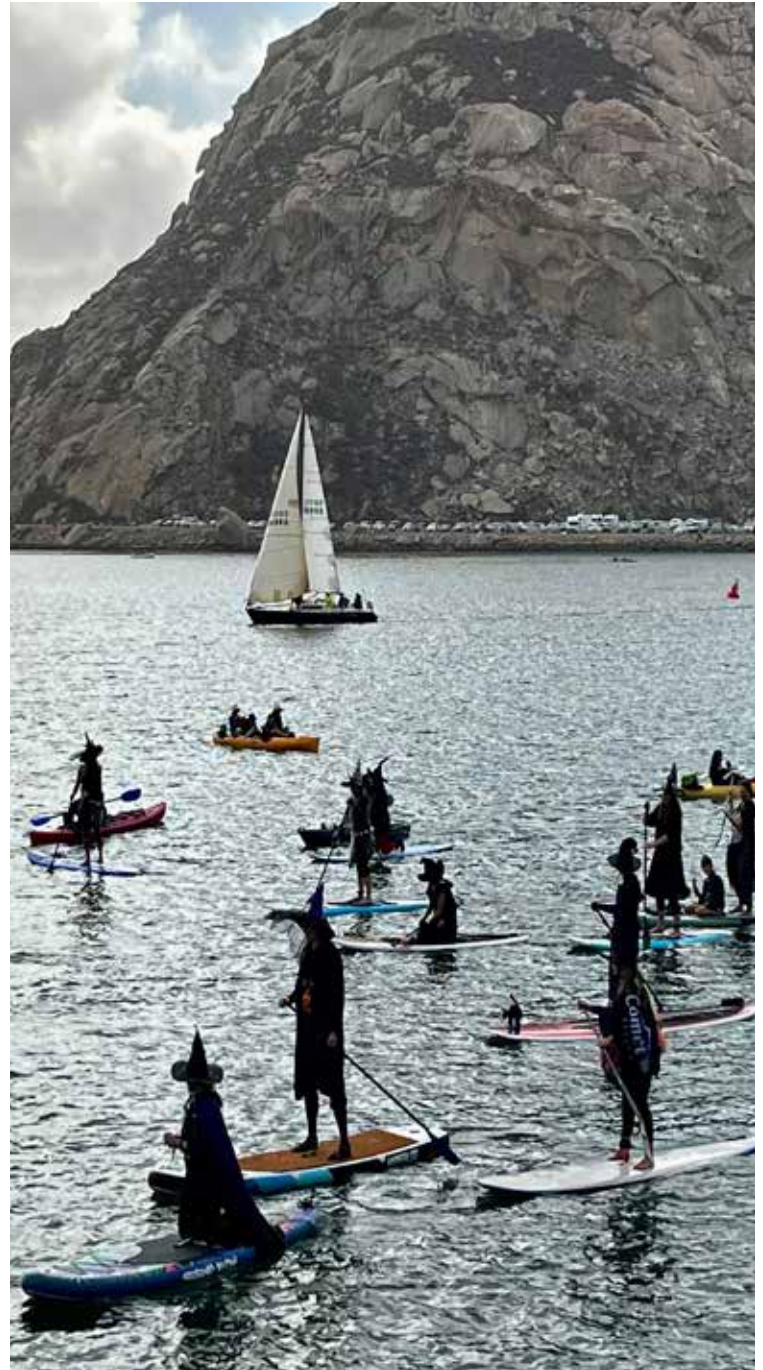

Happy November

everyone! I'm looking forward to the General Meeting on November 5th and the Commodore's Ball on the 6th and the Commodore's Cup on the

12th. Oh! And don't forget Daylight Savings Day - my favorite holiday.

October was full of Witches, races, and celebrations with some amazing turnout. Including the infamous Kurmudgeon Klassic, the great races for the Chris Lockwood regatta, and Maritime Museum fundraisers just to name a few. The dock was full of transients. And I even got to rescue some kayakers and their dogs! But nothing was more exciting than our October board meeting. We approved the Zongo Cup perpetual trophy, updated the Launch Use policy and raised the insurance limits. Thrilling stuff! Thank you to all who attend, really. It is really great to hear our membership's opinions and solutions. It really helps the board make better decisions.

Enjoy your November holidays with your family and friends. And enjoy our club and each other.

Bilge Report

Vice Commodore John Burgener

Projects continue Volunteers sought

Here we go into the Holiday Season and The Beating Go On.

We have forms on "The Bar" for Personalized Bricks.

So - Think of it as a great Christmas gift that will forever be displayed at the Yacht Club for all to see, remember and be reminded of the great times here. Thank you Joe Huntsinger for helping with the project.

Yes, the pumpout station is installed.

You will also notice that a grab rail was installed next to the station to help "The Kreeky Knee Kayak Klub" to ingress and egress from their kayaks and Kanoes. Thank you Charlie Roberts for the assistance.

Security System is almost complete. We had a glitch with the front door as the new system does not recognise the existing locking system. We shall prevail..

I am always looking for volunteers for special duties. I want a - Brick Committee that shall collect the application forms, submit and install the bricks.

Some Body to bi-monthly wash the upper deck and wipe the hand-rails.

Some Body to clean the eel grass from the tarmac and hose bird poop off the dock.

Oh yes, I will think of more things as they come.

These projects are not hard and it gives you the opportunity to "just hang" then justify a beer afterwards...

Gobble Gobble you Pirates and Fair Maidens.

Beat hard to weather.

When in doubt, hoist the storm jib.

Races on our calendar but not run this year due to weather or something else include the following:

Jenkins Memorial Yacht Race, John S. Mullins Memorial Trophy, H. Mike O'Daniels "Two Sticker" Trophy, Jack Johnson Memorial Trophy - a Trophy for El Toros that is being replaced with Optimist Championship, Seager Spring Series Laser Perpetual Trophy - No one participated in the spring series with a laser, and the Wysocki Memorial Trophy.

Fall Series II Bay Races

This month the sailing Instructions for the bay races were changed so that all events, except for class specific events, are **Arbitrary**. This allows for any boat to participate that can safely navigate the bay courses. That change was quickly taken advantage of in the Fall II Bay Series regattas.

The Fall II Series Regatta included a Lido skippered by Tom Jenkins, and a Picnic Cat skippered by Charlie Nicoles. The Fall II was a "Harbor Marks" race which meant that the only mark set was the start line. All other marks on the courses were harbor marks.

Thanks to all of those who participated in the race. It made for a very enjoyable day on the bay. Also, thanks to the race committee for all the work they did to help run the race.

The Chris Lockwood Regatta

The Chris Lockwood Regatta is a juniors' race and is PROed by Don Lockwood. Terry Paris and his team pull together the juniors to participate in this great event. There were plenty of spectators, lots of snacks, and everyone seemed to have a great time.

Ocean Races

The Devlin Series Trophy was presented to MBYC by Staff commodore Dev Devlin in 1980. This trophy is presented annually to the winner of a series of ocean races consisting of the prescribed courses, each approximately seventeen miles long, and sailed during three separate

MBYC New Crew

MBYC welcomes two new memberships recommended by the Membership Committee and approved by the MBYC Board of Directors: David Ray (enthusiastic owner of a Catalina 30), sponsored by Bill & Maryann Stansfield and David Bernard, and Alice Frawley Bicksler and Kevin Bicksler (cheerful canoe owners, sponsored by Sean & Tara Hanlon and Stanley Craig). Pictured with them are last month's new members -- the Fernandez family, Scott Turpin, and Kathleen Streeter. Be sure to say high when you see them.

Joe and Becky Fernandez family, Alina and Goose, David Ray to right, Kathleen Streeter, Alice Frawley Bicksler and Kevin Bicksler and Scott Turpin

The Membership Committee will soon be interviewing Ron & Marlys Boehm, owners of a California Zephyr, Little Wing, SC 27, and a Perry Antrim 52 Catamaran. Avid sailors, they frequent the waters of Morro Bay, Santa Barbara and St Croix. They are sponsored by Carlton Smith and Mark Hilden. Also meeting with the committee will be Ray and Leah Shady, sponsored by Bob Schwenoha and Leslie Colvin. The Shadys have been actively involved in summer sailing with their children (members of the MBJYC) and have been participating in numerous MBYC activities. They own a DaySailer, a 17' canoe and several paddleboards.

MBYC members are encouraged to attend the monthly Board meetings held at the club and the bi-annual General Membership meetings, in April and November. (see MBYC calendars for dates) These are members' opportunities to keep up with what has been going on at the club, what is being planned, to participate in decision making related to the club, and to make a difference.

-- Laurie Wright, MBYC Membership Chair

The Kurmudgeon
Korner

Well, the **Third Annual Kurmudgeon Klassic Regatta** is in the history books. As of this reporting, we have not sorted out the sordid winners, so there is not much there to report. There was an unconfirmed news flash from the race safety boats. They said that they have to report that during the race there was a significant loss of life. Various

crustaceans and other marine animals living in the mud surrounding grassy island have been crushed by out of control sail boat groundings. More on this horror when next we communicate.

November
2022

Election Day! It will soon be upon us. The **Kurmudgeons**, as usual, will be heavily involved. We have been giving serious thought to putting together a slate of officers that reflect our wise and inspired insight.

Initially, we intended to nominate for Commodore, our President (**Me**), but the requirements of my present position with the **Kurmudgeon Debating Society** negate that choice. There was also some question regarding the chaos that occurred last time I was Commodore. We considered running **The Amorphous Ghost**, but no one knows who she is, where she is, or if she even exists. That's the way it is with ghosts. Our **Secretary** would have been a good choice for YC Secretary, but unfortunately he hasn't found a pencil with a spell checker. Our **Treasurer** is out of the question. We have learned that he has purchased an Oligarch-type yacht and has been traveling to Europe, Bakersfield and other exotic places. He is, at present, under our investigation.

We have also noted, with dismay, that the YC is very much lacking in spiritual guidance. We have, in fact, become increasingly alarmed at the amount of sinning going on. We have been hearing members saying things like: "**Swell**", "**Soo'ze yer old man?**" and "**Wadya think?**" The next thing you know someone will be wanting to put in a pool table. Not to worry, the

**VOTE NO

Kurmudgeons have the answer. Our **Chaplain** is the one YC member with the most first-hand experience with sinning. We request that the YC create the position **The Morro Bay Yacht Club Chaplain**, and we humbly submit our **Chaplain's** name for that position. Along with that topic, we have been informed that some of the ladies of the club are less interested in the artistic qualities of **The Kurmudgeon Dance Review** than in some other aspects of our performance. Some were reported to have said, "The heck with the sequins! Let's get to the full Monte!" We were appalled. We have spent over an hour rehearsing our routines. Come on folks, we are more than just five pretty faces with gorgeous bodies; we are performing artists, and we have feelings.

Regarding our much deserved sauna, we are pleased to report that the plans for the **The Kurmudgeon Sauna** are moving along quite nicely. Our Architectural and

Engineering firm of Knudsen, Knudsen, and Knudsen have incorporated an additional area to be dedicated as **The Kurmudgeon Knap Room**. This addition, unfortunately, precludes the use of the Kayak Rack location for the sauna/knap room. The noise from the street could intrude on our intense contemplation of world problems. It would appear that the new area will require the use of all of the women's head. Other arrangements will be made for the ladies' requirements.

Unfortunately, word of the new area and its additional space requirements has been prematurely leaked. There is talk of a secret new **Women's Vigilance Committee** being formed to oppose the sauna. A similar type of unlawful terrorist organization had, in the past, assaulted five innocent **Kurmudgeon** gentlemen over a similar creative plan for the Yacht Club. That unfortunate incident caused some of the **Kurmudgeons** to experience PPSP (Post Protest Stress Disorder). We hope the YC Board will take action to protect the **Kurmudgeons** from any repeat of that type of terrorism.

We have had just one Fun Float this month so far, but another two will take place this month after I've submitted this article but before it was published. Fall seems to be a busy time of year for everyone, including the Funfloaters. We have a Funfloat about every two weeks when the tide is high around noon.

However, we do have some special Floats where there isn't so much paddling and a lot more partying. That will have been the case on Monday, October 31st, Halloween. When most of the Halloween celebrating will have been completed for the year, we will paddle across to Sandal's Cove for our annual Fun Float Halloween Party, where we all dress up, bring food and drink, and enjoy an afternoon on the sandspit socializing and playing games.

I would really like input on the FunFloat scheduling for next year. If you have a specific date or event you would like to see on the FunFloat calendar, please let me know.

Upcoming FunFloats:

Funfloats are a good way to participate in club activities and a way to get to know some of the club members. I encourage anyone who wants to participate to come and join us. It is also a good activity that prospective members can add to their activity participation list.

November 11, Friday

November 26, Saturday

December 11, Sunday, wear your Santa hat and bring a treat to share.

December 26, Monday, an enjoyable activity after Christmas. Wear your new paddling goggles.

Sometimes it's hard to know where you are.

Fundraising Drive Launched!

The Morro Bay Youth Sailing Foundation has set the course to raise funds for coaches and a new boat.

\$12,000 for Coaches for Junior Sailors

- ✧ Paid coaches for the Morro Bay Junior Yacht Club means assured safety, effectiveness, and growth for their sailing program.
- ✧ A strong, quality junior sailing program leads to young families joining the MBYC.
- ✧ The money raised will pay for three coaches at twenty-four junior meetings in 2023.

\$10,000 for a new FJ for Cal Poly Sailing

- ✧ Cal Poly does not provide boats to the sailing team.
- ✧ Cal Poly Sailors compete in used boats against teams who sail new boats.
- ✧ The MBYSF raises the funds and the boats used by Cal Poly are owned by the MBYC.

"Getting a new FJ helps us to be more competitive against teams in our conference, which can help us to get to nationals." ~Cal Poly Team Member

Chris Lockwood Regatta- October 16, 2022

Once again we had the pleasure to run and PRO this fun Junior Regatta along with, our friends who have helped us on this event...

Dot & Pat Rygh, Larry Salas, Michael & Brooks Measures, & Gail Condon.

The wind was light, but perfect for some of the very new sailors.

The new sailors in Optimist boats, get coaching and help, (short of being towed), during the race. The Laser sailors had longer courses and different sized sails.

There were 12 Optis, and for over half of them, it was their first regatta. The final top finishers are:

- 1st. Miles Blackwell.
- 2nd Gunner Paris.
- 3rd. Charlie Rice.
- 4th. Jason Stones.
- 5th Lincoln Stones.
- 6th. Nathaniel Petty
- 7th. Rylan Ender

There were 5 Lasers and it was a first race for two of them. The final results:

- 1st- Mason Horstman.
- 2nd-Clint Bryan.
- 3rd-Loic Jallais.

Big congratulations to Miles Blackwell and Mason Horstman for adding their names to the Chris Lockwood trophy ... and to all and every one of the sailors for sailing well, doing your best, and having a good time on the water.

Huge thanks to Coach Terri Paris and Char Paris, and all their assistants on and off the water and all the parents. It takes a lot of volunteers to have a great day and we had a fantastic crew and a great day. (Don & Kit)

Great event for the juniors, thank you for organizing it! Wow, look at that start in the 4th race!!! Clint in the lead boat flew over the line within about a second of the horn. Their improvement from the first race to the fourth was incredible. They all have a good instinct for sailing. And they seemed to really be enjoying a beautiful day!

Properly preparing eel grass for holiday dinners

Eelgrass is a type of marine, flowering seagrass that exists in temperate zones around the world. It thrives in soft seafloor environments, typically in shallow bays and estuaries. In Channel Islands National Park, large eelgrass beds occur off of Anacapa, Santa Cruz, and Santa Rosa Islands.

1. Elevator Proposal

Elected Officers Announced

Adjournment

Proposal for change in

Elevator Funds and Dues

November 16th, 2022 - MBYC General Meeting

Due to funds accumulated since 2009 for an elevator from both membership dues and donations not sufficient to build an elevator today, nor for the next 40 years, this proposes:

1. That the club focus on servicing, repairing and upgrading when necessary the chairlift on the stairs on the south side of the club.

2. That the \$25 of membership dues currently being allocated to the restricted elevator reserve fund be now devoted to the chair lift for service, repairing and upgrading when necessary and any excess within the budget calendar year be allocated to a chair lift unrestricted reserve fund.

3. That the current elevator restricted reserve fund be moved to the chair lift unrestricted reserve fund

and the elevator restricted reserve fund be dissolved.

4. That the current restricted elevator donation be dissolved. Those active members whom the club has record of donating will have until 12/31/2022 to request their donations be returned or designated to another fund. After 12/31/2022 any amount remaining in the fund will be moved to the chair lift unrestricted reserve fund.

5. That the current unrestricted elevator fund be moved to the chair lift unrestricted fund and the unrestricted elevator fund be dissolved. This proposal also recommends, but does not require, that the chair lift be regularly professionally serviced throughout the year.

The Morro Bay Yacht Club is a private, non-profit organization devoted to boating activities, along with the protection and enjoyment of our picturesque bay and coastline. We participate in both competitive and non- competitive boating activities throughout the year. Anyone at least 21 who owns a boat, is planning to buy a boat, or regularly enjoys boating activities in someone else's boat is invited to apply for membership.
