

# MORRO BAY YACHT CLUB

May 2024

Morro Bay, California

## Commodore

Charlie Roberts

**MBYC  
Members  
make  
Opening  
Day big  
success**

**Opening Day** - I don't have to say much for those who were there, but due to the weather our event was held inside. Our opening day was well attended and went very smoothly. The skies cleared up for the boat parade and ocean race. A lot of people helped make opening day a very good event, but I especially want to thank Kendall and Tom Wright. Kendall was the mastermind and organizer of the event, and Tom made sure everything got done in preparation. Thanks to everyone involved. Our biggest annual event is behind us now. We are looking forward to a great rest of the year. Here is a link to the opening day photo album <https://photos.app.goo.gl/PLFvJirpc5TKcY9J8>.

**New complaint committee** - As Commodore our club policy allows me to create any committee that I feel would serve the club. Therefore, I'm creating a complaint committee that will meet every Monday around noon-thirty on the deck of the yacht club to hear your complaints. Fortunately, the habits of no one will be changed because they've been meeting there every Monday since I've been a member. I am dubbing them the Kurmudgon Kohort Komplaint Kommittee. If you have a complaint, I suggest you see them first. They will probably be able to tell you how to solve the problem that you are complaining about. You might not like the answer, but it will probably be a good one.

**Summer Fun** - Here at the club we have little hiccups once in a while, but overall everything seems to be going really well this year. The building, the tarmac, and the boatyard are in good shape. Attendance at our events seems to be up. There is lots of activity on the dock and in the clubhouse. I would like to encourage you to attend social events so that you can become better acquainted with both new and old members. Besides Happy Hour, we seem to be having regular activities on Wednesday, and now that summer is coming we are starting our Hamburger Nights, which will also be on Wednesdays. Our first Hamburger Night will be May 29th, and the MBYC Board will prepare and serve the food. Please come and join us.

# Day Sailer Fleet 128 California Central Coast

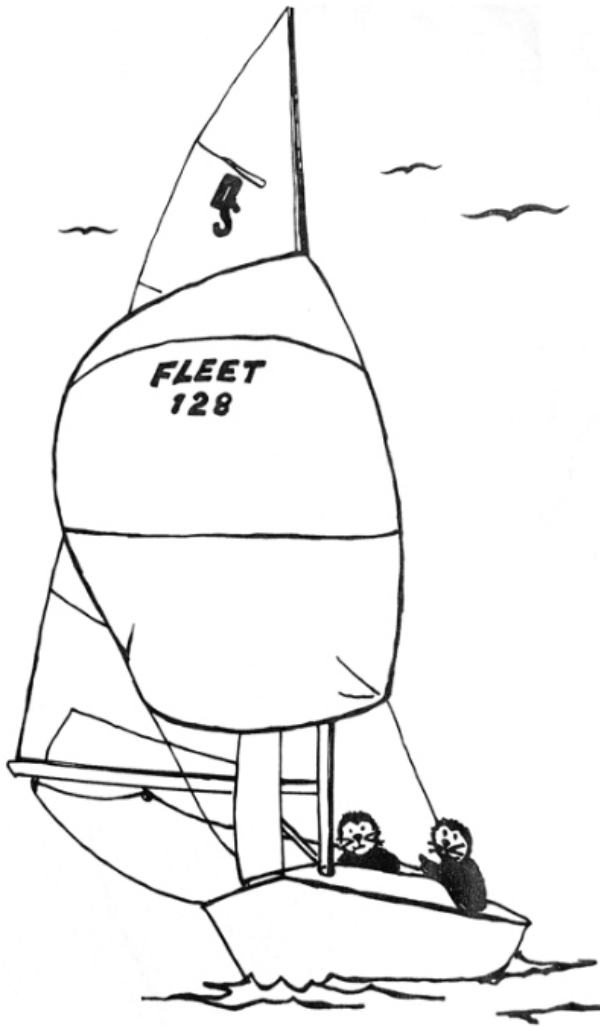

**FLEET 128 CHAMPIONSHIP SERIES STARTS ON MAY 18 - that's THIS MONTH with MBYC Bay Fleet SPRING III Race!**

*Four Bay Fleet Races are included in 2024 Champs Series*

Fleet 128 will include four spring and summer series Bay Fleet races as part of the annual Fleet Championship. The Championship Series will end with a full-day regatta on Saturday, August 31. This is part of a fun packed Labor Day weekend at MBYC starting with the final DS Fleet 128 Championship Regatta on Saturday. Also over Labor Day weekend are the MBYC Laser Fleet Championship on Sunday and the SAIL, PEDDLE, PADDLE relay on Monday. The Notice of Race out on Regatta Network shortly.

**The four Bay Fleet races that will be included in Championship scoring are:**

- May 18 Bay Fleet **Spring III** - DS Champs Race Day 1
- June 29 Bay Fleet **Summer I** - DS Champs Race Day 2
- July 27 Bay Fleet **Summer II** - DS Champs Race Day 3
- Aug 10 Bay Fleet **Summer III** - DS Champs Race Day 4
- Aug 31 DS Fleet 128 Championship Regatta - **FINAL**

**SPRING FLEET MEET  
WEDNESDAY MAY 8 - 6:30\***

The "plan" (such as it is - maybe less of a passing thought and trending toward a concept) is to link our growing Wet Wednesday with a Fleet Meeting that MAY be accompanied with a few burgers and beers. SO - please plan to take off work (or your vast array of retirement duties) and come out for an evening sail and join in the fleet discussion. IF the sailing is just too good, we MIGHT need to push the time a bit, but it won't be too late since it's a school night!. Please give me a shout if you want to help with this. I will have an agenda out about a week ahead of the meeting. Right now I think we should do a bit more discussion (maybe some detailed planning) around

*Continued on following page*

# Day Sailers just want to have fun

*Continued from prior page* “FUN” and we need to get set up for our two big events: Champs Race over Labor Day and the Invitational planned for October 26 and 27. If anyone would like to suggest a discussion item please get in touch with me (thanks!).

## ***DAY SAILERS JUST WANT TO HAVE FUN!***

At our Fall Fleet Meet we talked about having “more fun” with the fleet (see the March Masthead for a run-down). One of the top discussion items was to get back to Wet Wednesdays that had become kind of a covid casualty. We ARE having informal sailing on Wednesdays. I’m often asked what time it starts, and my best advice is to come as early and stay as long as you can. We’ve been out the past 3 or 4 weeks and, mostly, have had pretty light breezes; of course that is subject to change and sailing on the 24th was pretty darn good! There are some pics here in the Masthead this month. Soon the regular Burger Nights will start up (every-other-Wednesday starting after Memorial Day and running all summer through August). As participation picks up we may be inclined to start doing some actual organized activities. We can talk about this at the Fleet Meeting if the group wants to take that up;

## ***FLEET 128 TRAILER MAINTENANCE WORKSHOP***

We had a “maybe-someday-annual” workshop in April to demonstrate how to take care of trailer bearings. A half dozen folks came out and we had a good discussion about Bearing Basics, and even a demonstration on how to replace races, bearings and seals in your trailer. It can be a mess, but necessary to keep your Day Sailer ready for the road. Don’t forget we have High Sierra at Huntington Lake in July and the two-day Wysocki planned for Santa Margarita Lake on June 15 and 16. You still have a lot of time to get the trailer out, pull the hubs off, clean, inspect, grease or repair and have a good trip to the next “away game” with your Day Sailer. In case you’re not one of the luck-half-dozen that came in person there are a couple easy ways to get up to speed. If you need some help (and some supervision) give me a call and I’ll be happy to help. OR, you can have a look at the presentation I put together for the clinic. I’m still doing some final touches, but [HERE'S A LINK](https://docs.google.com/presentation/d/1TZhEJmLyiXWaqJ7ttPgK9iBKMk1d-hW6yk1yL72YPHY/edit#slide=id.p) (the URL is: <https://docs.google.com/presentation/d/1TZhEJmLyiXWaqJ7ttPgK9iBKMk1d-hW6yk1yL72YPHY/edit#slide=id.p>)

***May 2024  
Fleet News  
-- Charlie Nichols  
Fleet 128 Captain***

***Just remember if you  
don't take care of  
your trailer bearings,  
your Day Sailer could  
look like this***

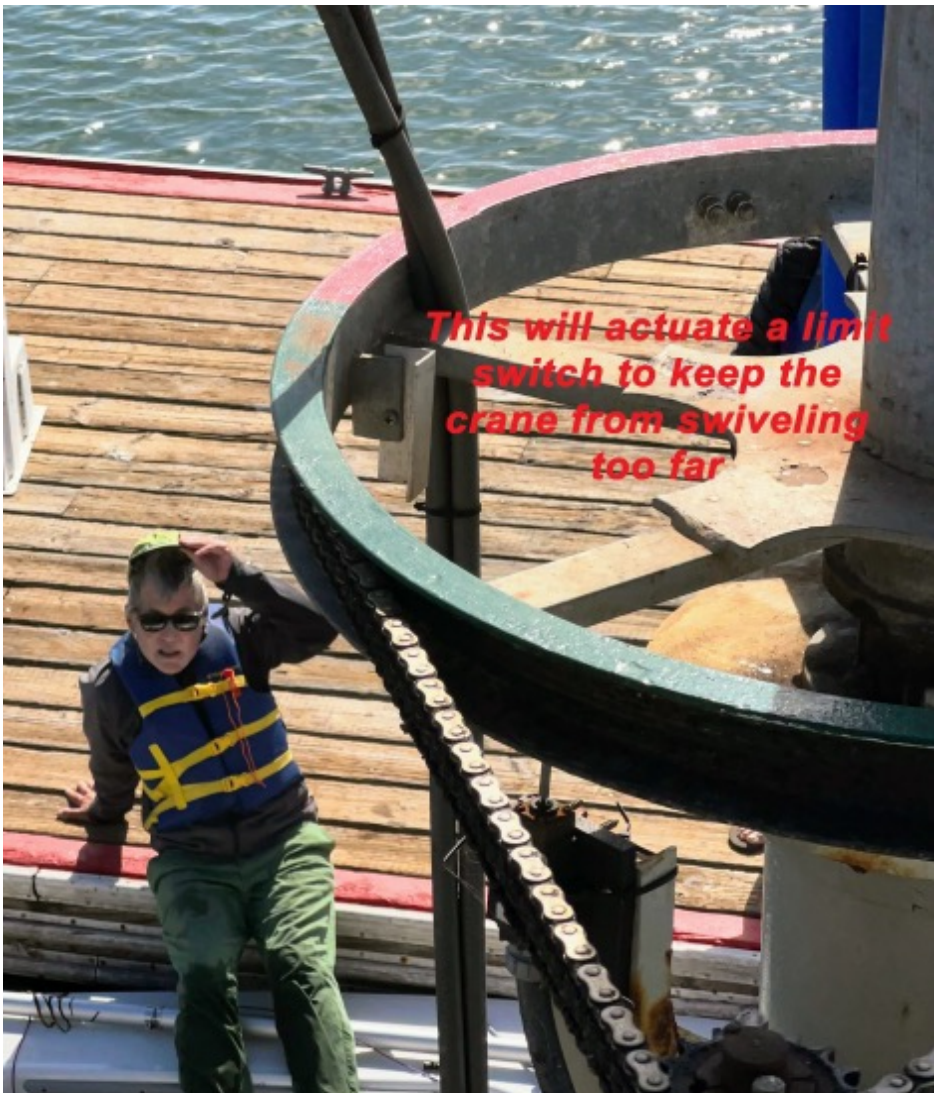

# RED and GREEN

## Why is the swivel wheel on the club hoist

Heard around the tarmac the other day is that there was a “mystery artist” that painted the swivel for the hoist red and green on opposite sides. It’s no mystery. First, here’s a photo:

You’ll notice that about half of the swivel wheel is painted green and half is red. This is not some kind of festive paint job - it is important for those operating the hoist to know what it means. Simply this shows the hoist operator the range that the swivel can be safely rotated. There are Limit switches” that will stop the crane from swiveling too

far. The paint shows where the limit switches will be actuated as the hoist rotates. In the photo below you can see one of the fingers that will actuate the limit switch and in the lower center of the photo (behind the drive chain) you can see the switch with a lever pointing upward. (In the photo you can also see local sailing legend Carlton Smith pondering the paint job!)

Next time you’re at the club please look over the swivel of the hoist and you will see how the switches are set and the limits of the rotation. If you happen to go past the limit, the crane will no longer operate. If you have questions, ask Lynn Meissen, Chuck Losness, or others until someone can explain the operation for you.

--Charlie Nichols

# Vice Commodore

-Tom Wright

Ahoy from the Quarter deck

Wow, what a busy start to the year. We had rain almost every weekend, very well attended Happy Hours, the introduction of Wine Wednesdays, two work days, the Spring General meeting, Opening Day and the year is just one quarter over. On the horizon, Fun Floats, Hamburger Nights, Bay Races, Sailing School, Ocean Races, Wet Wednesdays, ASA Sailing and the High Sierra Regatta. There are plenty of opportunities to be involved at the club both on and off the water.

Thank you to all who helped make Opening Day a success, weather notwithstanding. The set-up crew worked through several design and location changes but the final indoor layout was a hit with all. The decorations and flowers were first class, several of our guests from down south commented on the abundance and variety of our buffet. The desserts tasted as good as they looked. The chair crew was fantastic and the clean-up crew had the club back to its usual sparkling condition in record time. Thank you all for helping to make 2024 Opening Day a success. A special thank you to all those who contributed canopies, thankfully none were needed.

The dumpster is for Club use only, not individual's dumping of material. The garbage company will charge us an extra fee if the bin is overweight, which it has been lately.

We have had several occurrences of the bar not being locked up. Please ensure that the beer cabinet, the liquor cabinet, the beer taps and the wine cooler are secured when you leave. If you are not familiar with opening or closing the bar, please ask your sponsor or any club member. The use of the checklist helps to ensure nothing is forgotten.

Per the Bar Policy # 12: "Anyone serving alcoholic beverages on the premises must be a state certified Responsible Beverage Server." After you pass the course and become certified, enter your name and number in the binder behind the bar.

Mark your calendars: Friday, May 10, CPR/AED training at Happy Hour, May 18/19 the Morro Bay Ironman Triathlon is in town, access to the club and bay may be limited. The Army Corps of Engineers will be dredging Morro Bay in the coming weeks, please obey all postings and the Morro Bay Marine Swap meet is Saturday June 29<sup>th</sup>.

See you around the club or on the water.

Tom Wright, Vice Commodore

[mbyc.veep@gmail.com](mailto:mbyc.veep@gmail.com)

# The Racing Sheet

- John S. Wimer, Rear Commodore

Spring is upon us and the weather has finally turned great! Prepare to unfurl or hoist your sails. It is getting warm and there is much fun to be had.

Opening Day weekend turned out to be a mixed bag. For the bay races on Saturday the racers saw some chilly and blustery conditions. 4 Lasers, 2 Aeros and an Opti showed up for the day. Congrats to the hearty sailors who participated and Charlie Poggemon for taking top spot at the podium in an Aero followed by Dennis Derickson and Dan Hack, both in Lasers. The ocean racers got off to a slightly late start Sunday after the boat parade to celebrate opening day. It was another case of fairly light winds with *Janina* handily taking 1st place, *Geronimo* in 2nd and *Pru-dence* in 3rd.

The Ocean Fleet is gaining momentum. Spring II was held on April 20. Three sport boats turned up for the race. Check out the Ocean Fleet Race Results posting on the club website for results.

Spring II the the Bay Fleet will be held while the Masthead is being published, so check the club website or the next Masthead for results.

There are still plenty of opportunities to volunteer for races and for being the Principal Race Officer. Check out the website and/or get in touch with me.

***We are in need of a Principal Race Officer for May 18 for the Spring III Bay Regatta and for the Laser Slalom on June 1!!!***

Speaking of Opening Day, I took quite a few folks out for a quick bay cruise. Nothing like getting out on a boat. I always like an excuse to get out on the water and this is a great opportunity outside of our normal Happy Hours to meet an officer of the club. Sponsors and/or prospective members should contact me to organize an outing. [mbyc.rear@gmail.com](mailto:mbyc.rear@gmail.com) [johnswimer@me.com](mailto:johnswimer@me.com) or [johnswimer@att.net](mailto:johnswimer@att.net) (650) 740-0065 cell/text.

Here is a list of events coming up in the near future:

## Bay Fleet:

Spring III, (Seager Perpetual)  
Laser Slalom

May 18  
June 1

## Ocean Fleet:

Spring III, Pursuit Race

May 11

Hope to see you on the water!

# Wednesdays are getting WETTER

We have started an informal “Wet Wednesday” at MBYC this Spring. There have been mainly light and warm breezes, with about the best day just this Wednesday (April 24). We hope to continue to encourage anyone with something that floats to come out and “play on the water”. We don’t have plans for organized activities (maybe someday), but just friends out messing around in boats. I’ve been getting to the club about mid-afternoon and will sail until it is either dark or calm! We also gathered at the clubhouse for a bit of refreshment afterwards. EVERYONE is encouraged to join in! Here are a few snapshots.

*--Charlie Nichols - DS Fleet 128 Captain*

# First MBYC ASA 101 started

The first of the season ASA sailing course set sail in April. There were 3 participants. One student was a seasoned mariner and challenged the 101 Course. He did so by taking the written test and passing the on the water practical. The other students spent about 3 hours on the ocean and 7 hours on the bay for the on the water. The balance of the time was spent rigging the boat, reviewing the work book and learning knots. Weather, wind and swells made the conditions good for instruction. We have only one signed up for May and we need a min. of 2 for the class to set sail. You can sign up on the MBYC web site, please reach out to me if you do. June is good with 3 students. August is wide open with no sign-ups. Call Tom Andersen with questions (559) 977-3268.

Help MBYC maintain its Clean Marine Certification and meet the requirement of its contract with the City of Morro Bay to! Your participation in this workshop is needed!

- Please donate at [www.mbyfsf.org](http://www.mbyfsf.org) or send check to MBYSF, P.O. Box 736, Morro Bay, CA 93443.

## *Opening Day, Hamburger Nights, Wine Wednesdays - from the galley and Kendall Welch*

Opening Day started out to be very overcast with a possibility of rain. We had already decided the day before to have the ceremony indoors upstairs. We were able to squeeze 132 seats upstairs and moved the buffet downstairs. It worked - we had a full house, including approximately 45 guests from other yacht clubs. As usual there was a spectacular array of deviled eggs along with other finger foods. By the time that the ceremony was over, the rain clouds had completely disappeared and the sunshine brightened the rest of the day. Overall, although we were packed into upstairs, all of the comments were that this Opening Day was a great one, and many of our visiting yacht clubs were already looking forward to helping us celebrate next year!!

Special thanks to everyone that helped set up, tear down, etc., and specifically David & Sarah Gleffe, Kealoha & Jeff McKee, and their granddaughter Olivia, Tom & Laurie Wright, Charlie Roberts, Rachelle Phillips, Joe Huntsinger, Stan & Susan Craig, Carly Kaiser, and Freeman Tidaback. This event was so successful because of all the persons that helped us put this event together.

Date	Hosts
May 29	Board of Directors
June 12	Bay Fleet
June 26	New Members
July 17	Staff Commodores
July 31	Ocean Fleet & Mooring Holders
Aug 14	Junior Sailors
Aug 28	Fun Floaters

### **HAMBURGER NIGHTS 2024**

For new members and those that have forgotten – we serve hamburgers from 5:30-6:30. We are going to start the season at \$10 a plate (burger, bun, cheese if desired, chips, green salad, and ice cream & toppings- and occasional bread pudding), and hope that we can hold that price through the summer depending on costs. If your group is one of the hosts please show up to the galley by 4:30 to help set up.

**Wine Wednesdays** On the Wednesdays that there is not a hamburger night, the persons organizing Wine Wednesdays will be continuing this fun party. These are informal gatherings that are often themed so that a horizontal - side-by-side tasting, where the wines are made from the same grape, but from different places. Bring a bottle of wine with tasting notes and a munchie/snack to share, as well as \$3 corkage fee for the wine you bring. These usually start around 6:00. Sometimes there is even live music. For further information contact Joyce McAlexander (email and phone are in the roster).

## MBYC welcomes its newest members:

**Keith Valley**, a former MBYC member, has returned to rejoin our crew! Keith has extensive sailing experience and nautical knowledge (ask him about sailing a clipper ship in the Red Sea, while thwarting pirates along the way). We are pleased to welcome Keith back as a member.

**Caleb and Holly Cole:** Caleb grew up at the MBYC, with his stepdad, Paul Seager, as Commodore of the new club building. Caleb was part of the first MBYC Junior Sailing program. Long time sailing passion continues for this couple, who are looking forward to again being a part of the MBYC family. Welcome home, Caleb and Holly!

We are saddened to have received news that Life Member **Charles (Tod) Ealand**, a member since 1984, passed away in January of this year. Prospective MBYC Member, **John Stavros**, passed away on March 31<sup>st</sup>, shortly before

submitting his membership packet for consideration. John participated in several club activities, eagerly anticipating being accepted as a member of the MBYC. Our condolences to Tod's and John's families.

**Sponsors:** Please note when those new members that you sponsored are scheduled to host at Happy Hour. It is your responsibility to orient and assist them with their duties especially upon their first assignment.

**Reminder:** Do wear your nametags to club events, including at Friday Happy Hours.

*A Vice Commodore's work can be a challenge! Guess this was a case of sink or skim.*

THE MORRO BAY YACHT CLUB

541 Embarcadero

Morro Bay, CA 93442

Office Phone (805) 772-3981

Mbyc.net

The Morro Bay Yacht Club is a private, non-profit organization devoted to boating activities, along with the protection and enjoyment of our picturesque bay and coastline. We participate in both competitive and non- competitive boating activities throughout the year. Anyone at least 21 who owns a boat, is planning to buy a boat, or regularly enjoys boating activities in someone else's boat is invited to apply for membership.

©2024 The Morro Bay Yacht Club
